the origins of alliances offers a different way of thinking about our security and thus about our diplomacy it ought to be read by anyone with a serious interest in

understanding why our foreign policy is so often self defeating new republic how are alliances made in this book stephen m walt makes a significant contribution to this topic surveying theories of the origins of international alliances and identifying the most important causes of security cooperation between states in addition he proposes a fundamental change in the present conceptions of alliance systems contrary to traditional balance of power theories walt shows that states form alliances not simply to balance power but in order to balance threats walt begins by outlining five general hypotheses about the causes of alliances drawing upon diplomatic history and a detailed study of alliance formation in the middle east between 1955 and 1979 he demonstrates that states are more likely to join together against threats than they are to ally themselves with threatening powers walt also examines the impact of ideology on alliance preferences and the role of foreign aid and transnational penetration his analysis show however that these motives for alignment are relatively less important in his conclusion he examines the implications of balance of threat for u s foreign policy

an authoritative overview of this complex subspecialty of dentistry and oral surgery expert contributors provide scientifically sound coverage of diagnostic and treatment regimens in these difficult patients
