a deep and unresolved tension exists within american trade politics between the nation s promotion of an open world trading system and the operations of its democratic domestic political regime whereas most scholarly attention has focused on how domestic politics has interfered with the united states global economic leadership orin kirshner offers here an analysis of the ways in which u s leadership in the arena of global trade has affected american democracy and the domestic political regime by participating in multilateral trade agreements the u s congress has transferred its trade policymaking authority to the president and through international trade negotiations from the american state to the gatt wto regime this

reorganization of policymaking authority has resulted in the triumph of globalism and fundamentally alters the citizen state relationship assumed in democratic theory kirshner illustrates this process through four case studies the reciprocal trade agreements act of 1945 the trade expansion act of 1962 the trade act of 1974 the omnibus trade and competitiveness act of 1988 and further examines the impact of the uruguay round agreements act of 1994 on the political and institutional structure of american trade politics up to the current period american trade politics and the triumph of globalism makes a significant contribution to the study of both international trade and domestic american politics this is essential reading for students and scholars of trade policy international political economy american politics and democratic theory

a history of our time

actors and agency in global social governance seeks to advance our understanding of the global dimension of social policy by applying the notion of global social governance on actors their relations to each other and their pathways as well as their footprints of influence in the specific policy fields of social concern in which they are active focusing on a broad array of individual and corporate global social policy actors ranging from internationally operating intergovernmental organizations to state formations and ngos the contributions to this volume draw a fuller picture of agency in global social policy than what current accounts provide it considers the multiple facets of individual scope and legitimacy for a particular actor in conjunction with the configuration of global social governance as characterised by multi centred and multi scaled obstacles as well as diverse forms of collaboration the volume studies the contextualised actor s range and power in designing shaping and facilitating various global social policies thus the contributions discuss the role of particular corporate actors within global social policy structures and assess the impact of a number of key organizations states groups and individuals in the governance of global social policy at the same time a variety of social policy fields in which these actors are involved are addressed including labour market issues family policy health policy education policy migration issues and global re distribution via various forms of development aid or remittances

the universal declaration of human rights 1948 proclaimed the equality of all human beings in dignity and rights the right to social security however has been taken more seriously only since the 2000s through calls for social security for all and leaving no one behind the book investigates a major response social cash transfers to the poor the idea of simply giving money to the poor had been rejected by all major development organizations but since the early 2000s social cash transfers have mushroomed in the global south and on agendas of

international organizations how come what programmes have emerged in which countries how inclusive are the programmes what models have international organizations devised based on unique quantitative and qualitative data and on newly created concepts and indicators the book takes stock of all identifiable cash transfers in all southern countries and of the views of all major international organizations the volume argues that cash transfers reflect broader changes new understandings of development of human rights of global risks of the social responsibility of governments and of universalism social cash transfers have turned the poor from objects of charity into rights holders and agents of their own lives and of development a repertoire of cash transfers has evolved that has enhanced social citizenship but is limited by weak political commitments the book also contributes to a general theory of social policy in development contexts through a constructivist sociological approach that complements the dominant approaches from welfare economics and political economy and includes a theory of social assistance

this paper analyzes the transmission of shocks and policies among and across the nordic economies and the rest of the world this spillover analysis is based on a pair of estimated structural macroeconometric models of the world economy disaggregated into thirty five national economies we find that the nordic economies are heavily exposed to external macroeconomic and financial shocks but have significant scope to mitigate their domestic macroeconomic impacts through coordinated policy responses given their high degree of regional integration

jrgen habermas speaking of postmodern society remarked that extension of the means of communication not only allows a wide range of information but it also encourages permanent connections between different peoples cultures and social discourses it thus facilitates better general understanding a clarifying of real or apparent contradictions but this process becomes truly positive only when it is performed between equal members globalization of information does not minimize the possibility of conflict or terrorism if fundamental social problems are not resolved or at least approached in an active way this volume examines the major upheavals of the twentieth century and views within the framework of these events and challenges implications for the future values and cultural changes in the postmodern world by zygmont bauman explores the changing meaning of space in the globalizing environment s n eisenstadt analyzes the destructive components of modernity and irving louis horowitz draws attention to the classical values of the common universal culture social development and policies in contemporary society by michael m cernea examines the importance of the applied and policy orientated research especially in the developing countries and david marsland stresses the positive role of sociology in pointing to the possibilities of improving healthcare in modern

society societies in transition eastern europe emphasizes transitions that have occurred in eastern europe rozalina rjyvkina and leonid kosals provide an incisive study of the situation in russia while jerzy j wiatr presents a comparative analysis of postcommunist societies with special reference to poland the jewish world pre and post holocaust by regina azria discusses the identity problems in the diaspora confronting modernity eva etzioni halevi considers the newly developed israeli society from the point of view of the exercise and distribution of power and a most interesting contribution by annette wieviorka concerns the material and spiritual effects of the holocaust on the jews of france social historians and students of judaica as well as a general public interested in cultural pluralism will find this well developed volume essential reading

there is a widening divide between the data tools and knowledge that international relations scholars produce and what policy practitioners find relevant for their work in this first of its kind conversation leading academics and practitioners reflect on the nature and size of the theory practice divide they find the gap varies by issue area and over time the essays in this volume use data gathered by the teaching research and international policy trip project over a fifteen year period as a whole the volume analyzes the structural factors that affect the academy's ability to influence policy across issue areas and the professional incentives that affect scholars willingness to attempt to do so individual chapters explore these questions in the areas of trade finance human rights development environment nuclear weapons and strategy interstate war and intrastate conflict each substantive chapter is followed by a response from a policy practitioner providing their perspective on the gap and the possibility for academic work to have an impact bridging the theory practice divide in international relations provides concrete answers and guidance about how and when scholarship can be policy relevant

this is a masterful historical portrait of the whole movement of calvinism for general readers and scholars alike

this collection examines the difficult task of reforming governments worldwide to meet citizens needs and aspirations it advances constructive efforts to enhance public accountability while recognizing the complex ways in which corruption greed and state capture undermine the legitimacy and performance of government the contributors are political scientists lawyers and economists who bring a cross disciplinary approach to their chosen subjects the first group of chapters deals with public sector performance development and public participation complementary pieces by a practitioner and a scholar confront the challenges of achieving reform in countries with difficult political environments and extensive poverty and inequality

the second group emphasizes the way corruption and state capture limit the accountability and effectiveness of governments in both developing and wealthy countries the contributions consider the institutional roots of dysfunctional government and their links to the private sector taken together the volume surveys a wide range of topics with theoretical arguments and empirical findings that provide insights into real world problems and policymaking dilemmas inspired by susan rose ackerman s fifty year exploration of public policymaking public law and corruption the collection will be an invaluable resource for researchers academics and policy makers working in the areas of public law anticorruption and political economy
